# Parquetry

Consists of Strips and Blocks of  
Hardwood, Fastened Together at  
Edges and on Backs, in Slabs of  
Convenient Size for Laying. ♣ ♣

## THESE INLAID FLOORS

have become so thoroughly established as to the plans of manufacture in 5-16'' and 7-8'' thickness, and the simple methods of laying them on new or old floors, that no extended description of the floors in general, other than the designs offered in this book, is considered necessary.

IF YOU CONTEMPLATE BUILDING OR REFURNISHING, it is safe to consider that no outlay will so furnish and enrich a dwelling as these ornamental floors.

## HIS BOOK OF DESIGNS, in

connection with the Price-List enclosed, will assist you in making selection of patterns. If you will write us stating the numbers opposite Borders and Field chosen, with size of rooms to be covered, we will be pleased to name you estimates of cost, sending you drawings and samples without charge, if returned.

## THIN PARQUETRY, 5-16"

---

Is shipped in Slabs,  
Usually 1 foot wide by 4 feet long.

The above cut shows a slab of 5-16" Parquetry, having edges glued together.

## THICK PARQUETRY, 7-8"

---

The above cut shows a block of 7-8" thick Parquetry, made by gluing the thin Parquetry to a hardwood backing. This is made up in slabs 12" to 18" wide and usually 4 feet long.

## BORDERS

---

Are made in lengths of 12 feet, and to any desirable width.

## MATERIAL

---

We employ in our work the finest grades of foreign and domestic hardwoods:

*Oak, Cherry, Maple, Mahogany, Walnut, Rosewood, Sycamore, Holly, Ebony, Tulip, Birch and Amaranth.*

Oak is better adapted for floors than any other wood, and some of the finest effects are produced by oak alone.

No stains whatever are used in our work. Only the natural woods are employed.

We use no plain sawed or red oak. All our oak is the quarter-cut White.

# ♣ Parquetry. ♣

---

**PATRONS DESIRING** special designs can, by giving us full description of the interior furnishings, with floor measurements, be offered special floors to suit each room.

Rugs are now being used extensively on account of their healthfulness and convenience in keeping a room clean and free from dust. Our thin wood floors are used to great advantage in making handsome borders and filling up all the offsets. By arranging the Wood Border to cover 20'' to 36'', the furniture can be placed around the room so that a large rug in the center can be easily removed for cleaning.

Our floors are permanent and will last a lifetime.

**OUR LOCATION** in the center of the finest hardwood district of this country, enables us to serve our patrons to their advantage in quality of woods and prices charged.

We have our own extensive wholesale hardwood lumber dealing as a factor in producing our high grade of work, and can guarantee all we claim for it.

## FINISHING SUPPLIES.

We are prepared to furnish **Weighted Brushes** of our own manufacture, **Paste-wood Filler**, **Hard Wax** and **Parquet-Lac**.

# Parquetry.

**ARCHITECTS** and **BUILDERS** are invited to correspond with us. Upon application, we will send them samples of our goods and furnish all information regarding the same.

Architects' designs will be followed in the most faithful manner.

All designs in this book can be made in either thin or thick Parquetry.

Correspondence will be promptly replied to, and we will take pleasure in finding out and meeting all the demands of each case.

Special and new designs can be offered those who desire them, or we will follow your Architect's drawings and specifications.

**FOR PARTIES** who are **BUILDING**, we prefer to hold shipment of goods here until they are wanted, advising them that they will be in readiness after a certain date, rather than risk their being injured by damp storage. Floors should be laid and finished as soon as possible after being received, and must not be exposed to dampness while in an unfinished state.

We send with each shipment complete directions for laying the floor. Any good carpenter can do the work.

If you do not care for this book, kindly hand it to some

**CARPENTER or  
BUILDER,**

Who, we feel sure, would be glad to receive it.

# WOOD CARPET.

## Of Quarter-cut White Oak. ♣

proof and easily kept clean. The woods ordinarily used are Oak, Walnut and Cherry.

## All Oak is ♣ the Standard

connection with strip borders, making a handsome floor at about the price of a good carpet, and will last a lifetime

## Our Aim is ♣

To give such satisfaction that every floor sold shall make friends for us. People who have used them say they would not do without them
